He also noted the Planning Commission suggested putting this information on the web site for public convenience. Council member Spann noted some grammatical errors within the document that should be corrected prior to public review.

DISCUSSION OF STATUS REPORT - STEEP SLOPE DEVELOPMENT & MULTI-FAMILY CONSTRUCTION

Development Services Director John Spear stated he has met with Town Manager Greg Young to discuss the need for additional resources to accomplish this study. He noted the recommendations from the Community Appearance Commission will also be incorporated within this report. In regard to the multi-family moratorium, Mr. Spear stated the staff will investigate the effect of large multi-family complexes on surrounding communities and will look at zoning districts suitable for multi-family development. He noted a final report will be presented to the Town Council concerning this issue.

ADOPTION OF RESOLUTION - INCREASE IN ROOM OCCUPANCY TAX

Town Manager Greg Young recommended that the Town Council unanimously adopt an ordinance to raise the occupancy tax in Boone from three percent to six percent. Mr. Young stated he is under a deadline in getting this resolution to Senator John Garwood's office so that it can be converted from a blank bill to an actual bill. Council member Mason stated she sees this as an opportunity for the Town as means to continue with several large capital projects. Mayor Burnley informed the Council of a resolution of support for this action submitted by the Boone/Blowing Rock Lodging Association. She pointed out that this association is in favor of this resolution with a condition that one of the positions on the Tourism Development Authority (TDA) be occupied by a representative of the lodging business instead of the restaurant business. Mr. Ashok Patel, a local business owner, stated the TDA has had difficulty in the past securing a restaurant representative to serve on the board. Upon a motion by Council member Wilcox, seconded by Council member Mason, Council moved to adopt the following resolution:

A RESOLUTION OF THE TOWN OF BOONE
REQUESTING THE INTRODUCTION OF A LOCAL BILL AUTHORIZING AN
ADDITIONAL 3% ROOM OCCUPANCY TAX

WHEREAS, the municipalities of Watauga County are a destination for a large population of tourists from throughout North Carolina and beyond; and

WHEREAS, significant expenditures result from the expenses of tourism-related services and capital needs; and

WHEREAS, the establishment of an additional 3% Room Occupancy Tax with distribution at its point of origin would provide for substantial improvements to tourism-related services, facilities, and promotion.

NOW, THEREFORE, BE IT RESOLVED by the Council of the Town of Boone that the Council does support the introduction of a local bill establishing an additional 3% Room Occupancy Tax under the following guidelines:

1. Authority to enact up to 3% additional Room Occupancy Tax to be distributed on a point of origin basis following a public hearing of the governing body.
2. The Town of Boone shall retain from the gross proceeds of the tax collected 5% to pay its direct cost for administrative and collection expenses.
3. The Tourism Development Authority may expend the funds distributed to it pursuant to subsection (a) in the following manner:
 - (a) 60% of the net proceeds to further the development of travel, tourism, and conventions in the Town of Boone.
 - (b) 40% of the net proceeds shall be allocated to the General Fund of the Town of Boone.
4. That once the term expires, the “restaurant owner” position on the Boone Tourism Development Authority be changed to an “hotel accommodations” position, with that position owning or operating a hotel within the Town of Boone, but residing in Watauga County.

This resolution adopted this the 17th day of March, 2005.

REQUESTED APPEARANCE - VERDA INGLE

Ms. Verda Ingle appeared before the Town Council to request help in maintaining the Daniel Boone Native Gardens. She explained that such tasks as pruning, weeding, fertilizing, and the general upkeep of the gardens are an increasing burden on aging garden club members. She requested a full- time employee of the town be assigned maintenance duties for the gardens. Council member Mason voiced a desire for commitment to the town’s capital needs. She inquired if the town currently has enough staff to help while pursuing additional staffing for this specific purpose. Town Manager Greg Young agreed that the town does need to increase the level of service to the gardens and the Horn in the West property, which could mean the need for additional personnel. Mayor Burnley asked that a memorandum of understanding be created outlining specifically what is needed from the town. Council member Mason made a motion to have town staff explore information on additional personnel needs in relation to the Daniel Boone Native Gardens and to explore a memorandum of understanding for the needs of the Daniel Boone Native Gardens. Council member Wilcox seconded the motion and asked for a friendly amendment to provide maintenance help within the next couple of weeks before the opening of gardens. Information contained in the correspondence indicates that current wells are not expected to be affected by contaminants, and a monitoring event is scheduled for wells in this area in April. With no further testimony, Mr. Furgiuele closed the public hearing at 8:20 p.m. Upon a motion by Council member Wilcox, seconded by Council member Clawson, Council decided to table the case until the next regular meeting, April 21, 2005. REQUESTED APPEARANCE - C. HUNTER NICHOLS

Town Attorney Sam Furgiuele opened the public hearing at 9:00 p.m. to hear sworn testimony from Hunter Nichols and Public Utilities Director Rick Miller regarding a request for water service to property located off Greenbriar Road. Mr. Nichols presented a deed to Council which he feels shows a 60-foot right-of-way at the top of the property. Mr. Nichols stated he would like to run the water lines in this right-of-way across the road to the existing water lines. Mr. Furgiuele stated his opinion that this deed does describe the boundaries of the property as being subject to the right-of-way but does not establish that Mr. Nichols has access to the right-of-way. He stated that Mr. Nichols would need to have an easement. Mr. Nichols suggested that could be a condition of approval. He stated his intention of constructing a single-family residence on the property and his concern about possible contamination of a well. Mr. Nichols pointed out that the property adjacent to his was granted water service. Public Utilities Director Rick Miller stated this property is not adjacent to an existing water line and is not in the ETJ. With no further public testimony, Mr. Furgiuele closed the public hearing at 9:42 p.m. Council member Mason moved to grant the request for water service to this property contingent on the applicant applying for voluntary annexation and paying all costs for a future sewer line extension to the property.
